

C+D Learning | User guide

TITLE PAGE

Since August 1, 2022, Update Plus has become C+D Learning. C+D Learning is a Channel located on the C+D Community, and is where all C+D's CPD and Learning modules are now located. C+D learning can be accessed for Free once registered and signed in.

SIGN IN & REGISTRATION

Since August 1, 2021, the C+D Community has been linked to chemistanddruggist.co.uk giving all existing C+D website users automatic access to the C+D Community.

If you do not have a chemistanddruggist.co.uk login, you will be required to register for free to gain FREE access to the C+D Community, and the C+D Learning Channel.

Whenever you attempt to sign into the C+D Community you will be redirected to chemistanddruggist.co.uk, where you can sign in. Once signed in you will be redirected back to the C+D Community, where you can access the C+D learning content.

NAVIGATION

MENU

On the Community, the navigation menu appears vertically when you click on the menu bar near the top left of the screen.

You can get to C+D Learning via several routes:

1. From the Community Home page either

- Click on the 'Visit C+D Learning – Explore the topics' tile at the top of the page. This will take you to our learning tiles
- Or click onto the menu bar near the top left of the screen, to reveal the vertical navigation bar and click on 'C+D Learning', from this drop-down menu select a topic to reveal a selection of courses
- Click view all to see all courses or scroll down to see the latest content on that topic

2. From the News Home Page

- Click on Community on the horizontal navigation bar. This will take you to the Community home page
- Follow the above instructions to navigate to C+D learning

BROWSING CONTENT

C+D Learning is split into four topic areas; Clinical, Practical, Herbal and Podcasts.

Click on your chosen topic of interest and you'll see the relevant courses, containing all of the learning content related to that course.

CONTENT

CPD AND LEARNING MODULES

An overview of each learning module or course is displayed in a tile with the following information for your assessment:

Split into subject area

- Speciality (Eg. Cardiovascular)
- Title (Hypertension)
- Type of module (Eg Planned learning, unplanned learning, case study etc)
- Primary Authors name
- Time to Complete
- Progress bar/Call to Action (Start Course or Continue or Download certificate)

TO START A COURSE SELECT START COURSE

From the content tab after select

- Each course is made up of bite-sized sections or modules
- From the content tab you will be shown the introductory module which show the learning objective and an introduction to the selected course
- To complete the course and collect your certificate, click on word here which will be highlighted.

From the course tab

- Click on the chosen course to show all the modules
- Click on the 1st module to begin
- At the bottom of the module, click on the next module by clicking on the next headline
- At the end of the course complete the quiz or your CPD entry and download your certificate.

Course Contents

- All courses will contain a module quiz to test your understanding
- Planned learning will have an example CPD entry for you to base your personal entry on and a log sheet to record your entry
- Unplanned learning will have a log sheet for your CPD entry
- A progress bar which records your progress and allows you to download your CPD certificate.

PODCASTS

- Course completion
- Course certifications

HELP

The C+D Learning has its own help section with training videos and FAQs. You can find these here:
